PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

WATER DIVISION

**RESOLUTION W-5169
September 13, 2018**

RESOLUTION

(RES. W- 5169 – OPTION A), SAN GABRIEL VALLEY WATER COMPANY. ORDER AUTHORIZING SAN GABRIEL TO AMORTIZE THE UNDER-COLLECTED BALANCES CONTAINED IN ITS DROUGHT LOST REVENUE MEMORANDUM ACCOUNT AND IN ITS DROUGHT SURCHARGE REVENUE MEMORANDUM ACCOUNT IN THE AMOUNT OF \$3,532,149 FOR ITS LOS ANGELES DIVISION AND IN THE AMOUNT OF \$3,586,304 FOR ITS FONTANA DIVISION.

By Advice Letter Nos. 507-W and 508-W filed on December 8, 2017.

SUMMARY

By Advice Letter (AL) Nos. 507-W and 508-W, filed on December 8, 2017, San Gabriel Valley Water Company (San Gabriel) seeks authorization to recover the net under-collected balances contained in its Drought Lost Revenue Memorandum Account (DLRMA) and in its Drought Surcharge Revenue Memorandum Account (DSRMA) existing as of November 30, 2017 by amortizing; (1) the under-collected balance of \$3,532,149 for its Los Angeles Division and the under-collected balance of \$3,586,304 for its Fontana Division over a 12-month period through a temporary surcharge of \$0.2946 per 100 cubic feet (Ccf) for the Los Angeles Division and over a 24-month period through a temporary surcharge of \$0.1254 per Ccf for the Fontana Division respectively. San Gabriel also requests to transfer these balances to the Previously Authorized Balance Balancing Account (PABBA) for amortization, and to close both the DLRMA and DSRMA memorandum accounts.

This Resolution authorizes San Gabriel to: (1) transfer \$3,532,149, the net under-collected balance in its Los Angeles' DLRMA and DSRMA, as of November 30, 2017, to a balancing account, for amortization through a surcharge of \$0.2946 per Ccf over a 12-month period starting July 1, 2018; (2) transfer \$3,586,304, the net under-collected

PROPOSED RESOLUTION

Resolution W-5169 (Option A)

September 13, 2018 (Rev. 3)

WD

balance in its Fontana's DLRMA and DSRMA as of November 30, 2017, to a balancing account, for amortization through a surcharge of \$0.1254 per Ccf over a 24-month period starting July 1, 2018; and (3) close the existing DLRMA and DSRMA memorandum accounts.

At the end of the twelve-month surcharge collection period, any monies collected more than, or less than, the authorized recovery balance, shall be transferred to the Previously Authorized Balance Balancing Account (PABBA) for future refund or recovery.

BACKGROUND

By Resolution W-4976, the Commission authorized San Gabriel to establish DLRMA's for both its Los Angeles and Fontana Divisions to track the revenue impact of voluntary conservation or mandatory rationing effective June 1, 2015. This account was used by San Gabriel to record the lost revenues due to implementation of Tariff Rule 14.1, Water Shortage Contingency Plan under General Order (G.O.) 96-B, Water Industry Rule 7.3.3(7) from July 2016 through April 2017 for Los Angeles and from February 2016 through April 2017 for Fontana in the DLRMA.

San Gabriel's Schedule 14.1, Staged Water Shortage Surcharges and Penalties established San Gabriel's DSRMA, effective June 22, 2015. San Gabriel tracked the surcharges and penalties in the DSRMA from January 2016 through July 2016 for Los Angeles and from February 2016 through September 2016 for Fontana. The net under-collections in the DLRMA and the DSRMA for Los Angeles and Fontana after adjustments were \$3,532,149 and \$3,586,304 respectively. These balances are as of November 30, 2017 and include accrued interest.

By Advice Letters No. 507-W and 508-W filed on December 8, 2017, San Gabriel seeks Commission authorization to transfer the accumulated balance in DLRMA minus the balance from DSRMA from July 2016 through April 27, 2017, the date the drought emergency officially ended, including interest through November 30, 2017. The amounts requested to be transferred to the PABBA and recovered through the PABBA are: \$3,532,149, or 4.9% of the adopted revenue requirement, to be recovered through a surcharge of \$0.2946 per Ccf for the Los Angeles Division over a period of 12-months; and \$3,586,304, or 5.1% of the adopted revenue requirement, to be recovered through a surcharge of \$0.1254 per Ccf over a period of 24-months for the Fontana Division. After transfer to the PABBA for amortization, San Gabriel proposes to close both the DLRMA and DSRMA.

PROPOSED RESOLUTION

Resolution W-5169 (Option A)

September 13, 2018 (Rev. 3)

WD

DISCUSSION

To recover balances in a memorandum account, the utility must first demonstrate that: it was prudent when the costs were incurred; it is appropriate to pass on those costs to ratepayers in addition to otherwise authorized rates; the requested costs have not been recovered in elsewhere in rates; and, the claimed amounts are reasonable and appropriate for the procured services.

Water Division reviewed the work papers accompanying AL No 507-W and 508-W. Additional supplemental information was requested through data requests as needed. Based on its review, Water Division has determined that San Gabriel properly established the DLRMA and the DSRMA, entries booked in those accounts were appropriate, the account balances have not been requested or covered by other authorized rates, and the amounts claimed for recovery are reasonable for the services procured. As a result, it is appropriate for recovery of account balances for the DLRMA and DSRMA from ratepayers.

For recovery of a drought memorandum account, Decision No. 91-10-042, Ordering Paragraph No. 5, requires the utility to reduce the amount to be recovered by an amount such that the adopted return on equity does not exceed the authorized rate of return, less 20 basis points for the period covered by the memorandum account.

For the Los Angeles Division, the net under-collected balance after the 20-basis point reduction is \$3,532,149, including accrued interest of \$24,983. For the twelve-month period ending in April 27, 2017, the pro-forma rate of return was 8.44% which is less than the authorized Rate of Return of 8.49%. Since the net under-collected balance is less than 5% of the adopted base Revenue Requirement, the utility may recover the net balance through a surcharge of \$0.2946 per Ccf spread over twelve months pursuant to D. 03-06-072, Appendix A. The surcharge shall be applied to the quantity rates starting July 1, 2018.

For the Fontana Division, the net under-collected balance after the 20-basis point reduction is \$3,586,304, including accrued interest of \$25,167. For the twelve-month period ending in April 27, 2017, the pro-forma rate of return is 7.01%, which is less than the authorized rate of return of 8.49%. Since the net under-collected balance is more than 5% of the adopted base revenue requirement the utility may recover the under-collected balance through a surcharge of \$0.1254 per Ccf spread over a period of twenty-four

PROPOSED RESOLUTION

Resolution W-5169 (Option A)

September 13, 2018 (Rev. 3)

WD

months pursuant to D. 03-06-072, Appendix A. The surcharge shall be applied to the quantity rates starting July 1, 2018.

Water Division recommends that the net balances of the DLRMA and DSRMA should be transferred to balancing accounts and that the two memorandum accounts be closed. At the end of the respective amortization periods, San Gabriel should move the remaining balances to its PABBA and close the balancing accounts.

Los Angeles' current revenue requirement was adopted by AL No. 497, effective July 1, 2017. After including the net DLRMA and DSRMA balances as of November 2017, the annual Revenue Requirement will go up from \$72,461,851 to \$75,994,031, or an increase of \$3,532,180, or 4.9%. As a result, the monthly bill of an average non-CARW residential customer with a 5/8" X 3/4" meter with a consumption of 14 Ccf will increase by \$4.12 or 5.4% from \$76.34 to \$80.46 on schedule LA-1: General Metered Service, and on Schedule LA-1C, General Metered Service – Conservation Rates, by \$4.12 or 5.5% from \$74.87 to \$78.99.

Fontana's current revenue requirement was adopted by AL No. 504, effective September 15, 2015. After including the net DLRMA and DSRMA balances as of November 2017, the annual Revenue Requirement will go up from \$70,376,740 to \$72,169,457, an annual increase of \$1,792,717, or 2.5%. The monthly bill of the non-CARW residential customer with a 5/8" X 3/4" meter with a consumption of 19 Ccf will increase by \$2.38 or 2.6% from \$92.29 to \$94.67 on schedule FO-1: General Metered Service, and on Schedule FO-1C, General Metered Service – Conservation Rates, by \$2.38 or 2.6% from \$90.60 to \$92.98.

We find Water Division's recommendations regarding recovery of the net under-collected balance for the DLRMA and DSRMA to be reasonable.

NOTICE AND PROTEST

San Gabriel served AL Nos. 507-W and 508-W in accordance with General Order 96-B, Water Industry Rules 4.1 and 4.3. No protests were received.

On January 7, 2018, Water Division suspended AL Nos. 507-W and 508-W because additional time was required to process the AL filings.

PROPOSED RESOLUTION

Resolution W-5169 (Option A)
WD

September 13, 2018 (Rev. 3)

SAFETY CONSIDERATIONS

The approval of the surcharge requested by San Gabriel provides the utility the necessary financial resources to safely operate and maintain its operations for the benefit of its customers, employees, and members of the public.

COMMENTS

Public Utilities Code § 311(g)(1) provides that this resolution must be served on all parties and subject to at least 30 days public review and comment prior to a vote of the commission. § 311(g)(2) provides that this 30-day period may be reduced or waived upon the stipulation of all parties in the proceeding.

The 30-day comment period for this Resolution has been waived in accordance with the provisions of Public Utilities Code Section 311(g) (2), as this is an uncontested matter where the resolution grants the relief requested.

FINDINGS

1. The Commission authorized San Gabriel to establish Drought Lost Revenue Memorandum Account's for both its Los Angeles and Fontana Divisions to track the revenue impact of voluntary conservation or mandatory rationing effective June 1, 2015.
2. San Gabriel's Schedule 14.1, Staged Water Shortage Surcharges and Penalties established San Gabriel's Drought Surcharge Revenue Memorandum Account, effective June 22, 2015.
3. San Gabriel filed Advice Letter Nos. 507-W and 508-W to request amortization of the net under-collected balance of its Drought Lost Revenue Memorandum Account and the Drought Surcharge Revenue Memorandum Account for both is Los Angeles and Fontana Divisions.
4. The net balances in the Drought Lost Revenue Memorandum Account and Drought Surcharge Revenue Memorandum Account show an under-collection of \$3,532,149 and \$3,586,304 for Los Angeles Division and Fontana Division, respectively.

PROPOSED RESOLUTION

Resolution W-5169 (Option A)

September 13, 2018 (Rev. 3)

WD

5. San Gabriel proposes to recover the net under-collection balance through a surcharge of \$0.2946 per Ccf over a 12-month period for Los Angeles, and through a surcharge of \$0.1254 per Ccf over a 24-month period for Fontana.
6. No protests were received for Advice Letter No. 507-W and 508-W.
7. San Gabriel properly established the Drought Lost Revenue Memorandum Account and the Drought Surcharge Revenue Memorandum Accounts, and the balances contained therein are reasonable.
8. Water Division's recommendation for recovery of \$3,532,149, including interest, through a surcharge of \$0.2946 per Ccf, applied to quantity rates, for all of San Gabriel's Los Angeles Division customers spread over 12-months starting July 1, 2018 is reasonable and should be approved.
9. Water Division's recommendation for recovery of \$3,586,304, including interest, through a surcharge of \$0.1254 per Ccf, applied to quantity rates, for all of San Gabriel's Fontana Division customers spread over 24-months starting July 1, 2018 is reasonable and should be approved.

PROPOSED RESOLUTION

Resolution W-5169 (Option A)
WD

September 13, 2018 (Rev. 3)

THEREFORE, IT IS ORDERED THAT:

1. Advice Letter Nos. 507-W and 508-W are approved.
2. San Gabriel Valley Water Company shall, within five days of the effective date of this resolution, supplement Advice Letter No. 507-W, incorporating the revised rate schedules attached to this Resolution as Appendices A through C, and concurrently cancel its presently effective Schedule No. LA-1: General Metered Service; Schedule No. LA-1C: General Metered Service – Conservation Rates; and Schedule LA-CARW: California Alternative Rates for Water.
3. San Gabriel Valley Water Company shall, within five days of the effective date of this resolution, supplement Advice Letter No. 508-W, incorporating the revised rate schedules attached to this Resolution as Appendices D through F, and concurrently cancel its presently effective Schedule No. FO-1: General Metered Service; Schedule No. FO-1C: General Metered Service – Conservation Rates; and Schedule FO-CARW: California Alternative Rates for Water.
4. For the Los Angeles Division, San Gabriel Valley Water Company is authorized to recover the net under collection balance of \$3,532,149, the net of its Drought Lost Revenue Memorandum Account and the Drought Surcharge-Revenue Memorandum Account balances as of November 30, 2017, by transferring that amount to a balancing account” for recovery through a surcharge of \$0.2946 per Ccf applied to quantity rates over a period of 12-months starting July 1, 2018.
5. For the Fontana Division, San Gabriel Valley Water Company is authorized to recover the net under collection balance of \$3,586,304, the net of its Drought Lost Revenue Memorandum Account and the Drought Surcharge-Revenue Memorandum Account balances as of November 30, 2017, by transferring that amount to a balancing account” for recovery through a surcharge of \$0.1254 per Ccf applied to quantity rates over a period of 24-months starting July 1, 2018.
6. San Gabriel Valley Water Company ’s Drought Lost Revenue Memorandum Account and Drought Surcharge Revenue Memorandum Account shall be closed.
7. At the end of the surcharge collection periods of the balancing account, any monies collected more than, or less than, the authorized recovery balance, shall be transferred to the Previously Authorized Balance Balancing Account for future refund or recovery.
